

1-1 Wall Play, Delay to 2-2

Description

Players line up on blue line.

On whistle, X1 picks up rim and protects the puck against X2 who adds pressure.

X1 needs to make a play to X3, X3 breaks down the ice, drives coach and delays finding X1 coming in late for shot.

X2 (who added pressure on wall) skates to far blue and picks up X4 from opposite line to attack X1/X3 from opposite end for 2-vs-2.
